RE: REFERENCE LETTER FOR KELVIN K. KINYUA

I am writing to provide a professional reference for Mr. Kelvin K. Kinyua, whom I have had the pleasure of working with during his internship at Ollessos National Polytechnic.

In my capacity as Systems Administrator, I closely observed Kelvin's work ethic, technical acumen, and problem-solving capabilities. He consistently demonstrated exceptional skill in systems analysis, software support, and IT infrastructure management, which makes him a dependable and highly valued team member.

Kelvin's ability to understand system processes and align them with technical solutions was evident in several projects he worked on. He is both a strong team player and a self-starter, with a keen eye for detail and a passion for continuous improvement.

I am confident in his ability to thrive in complex ICT environments, and I recommend him without reservation for roles involving systems analysis, technical consulting, or project implementation.

Please feel free to contact me directly should you require further information.

Yours sincerely,
